Did you all know? If you eat stuff like squid-ink spaghetti, your poop turns black. Pitch black. Hey, so what do you think? If you eat rainbow-colored spaghetti, do you think your poop will be rainbow-colored? I wonder. Maybe it doesn't matter.

-Eiichiro Oda, 1998

Eiichiro Oda began his manga career at the age of 17, when his one-shot cowboy manga **Wanted!** won second place in the coveted Tezuka manga awards. Oda went on to work as an assistant to some of the biggest manga artists in the industry, including Nobuhiro Watsuki, before winning the Hop Step Award for new artists. His pirate adventure **One Piece**, which debuted in **Weekly Shonen Jump** in 1997, quickly became one of the most popular manga in Japan.

THE OATH

おだ えい いち ろう
尾田栄一郎
EIICHIRO ODA

After stopping at a seaside village in search of food and a sturdy ship, Luffy and his crew meet Usopp, a boy who is famous as the town liar. When Usopp happens upon a dastardly plot to kill local girl Kaya, Luffy and his crew step into an intense battle against ruthless Captain Kuro and his Black Cat pirates. With Usopp's help, Kuro is defeated and Luffy's crew gains not only new crewmember Usopp but also a new ship, the *Going Merry*.

Luffy's next quest? To find a ship's cook, of course. Zoro's old bounty-hunting pals, Yosaku and Johnny, tell Luffy and crew about the oceangoing restaurant Baratie. Unfortunately, Luffy accidentally ricochets a cannonball into the floating food emporium, and to recompense he ends up working as Baratie's chore-boy. There he meets sous-chef Sanji, who will feed any pirate in need and would make a perfect ship's cook for the *Going Merry*... if only he wanted to jump ship!

Sanji
The sous-chef and maitre d' on the oceangoing restaurant Baratie. He has a keen sense of taste and likes the ladies.

Monkey D. Luffy
Gifted with rubber powers and bottomless optimism, he's determined to become King of the Pirates.

Chef Zeff
A peg-legged pirate who runs the Baratie.

Roronoa Zoro
A former bounty hunter and master of the "three-sword" fighting style (one in each hand and one in his mouth!).

Hawk Eyes Mihawk
Mysterious swordsman.

Don Krieg
Commander of the Pirate Armada.

Usopp
The newest addition to Luffy's crew, Usopp's known for his tall tales, but he has a way with a slingshot and a heart of gold.

"Red-Haired" Shanks
A pirate captain who saved young Luffy's life and inspired him with a love of the sea.

Yosaku and Johnny
Dim-witted bounty hunter brothers—they know Zoro from another life.

Nami
A thief who specializes in robbing pirates. Although she hates pirates, Luffy has convinced her to join his crew as navigator.

THE STORY OF ONE PIECE

Volume 6

Monkey D. Luffy started out as just a kid with a dream—and that dream was to become the greatest pirate in history! Stirred by the tales of pirate "Red-Haired" Shanks, Luffy vowed to become a pirate himself. That was before the enchanted Devil Fruit gave Luffy the power to stretch like rubber, at the cost of being unable to swim—a serious handicap for an aspiring sea dog. Undeterred, Luffy set out to sea, and recruited some crewmates: lying sharpshooter Usopp, master swordsman Zoro and treasure-hunting thief Nami.

AND TREAT THE CUSTOMERS LIKE I TOLD YOU!!

Q: Oda Sensei! One... two... Jango!!!

A: Zzzzzzzzzz... Huh? G'mornin'!!

Q: The other day, some neighborhood kids asked me, "Where can I go to meet Luffy?" So where can you go to meet Luffy? The North Sea? The Mediterranean? Tone River? Biwa Lake?

A: Hmm... where to go to meet him. That's difficult. If you were to take an unhurried journey around the world's oceans, you just might see him. But at sea you'll also encounter the likes of Buggy, so make sure you're careful. Always be careful.

Q: Umm, I have a question about "One-Two" Jango. What's with the striped goatee?

A: It's a mushroom. Before becoming a pirate, he was a wandering dancer, but business was not good and he was always going to sleep without a bath. Then a striped mushroom started sprouting from his chin. He was hungry, so he ate the cap of the mushroom, but it tasted terrible! He swallowed it nonetheless, and ever since then he's been able to hypnotize people. So the stripes on his chin are actually the leftover bit of mushroom. Yup.

NICE RESTAURANT.

Q: By any chance is Gaimon my father? (Inquiry from the Ministry of Education, Science, and Culture.)

A: Darn! You found out! You tracked him down through the Ministry of Science. I didn't consider that possibility. Gaimon told me not to tell anyone, but I guess there's no way to hide it now. Fine! Go meet him! You're Gaimon's son! Leap into his arms and hug him! And while you're at it, leap into the ocean and cool your head, you little weirdo!

Q: I said to my friend, "Buggy's totally cute!" ♡ and she took a step back and said, "You're weird!!" Am I weird?

A: Yes, you are weird!! But I like him too, that Buggy. But I'm not weird... I'm a special exception. Yeah, that's right.

Q: I have a request. ♡ Please give me Gaimon.♡

A: Uh... Okay... But check with his son first.

Q: When an artist is drawing chapter 10, which chapter is appearing in *Shonen Jump*?

A: I see... I used to be interested in these questions myself. At present, issue 46 of *Shonen Jump* (the Japanese edition) is out in the world. The *One Piece* chapter in there is chapter 60. However, I've finished drawing chapter 63. So a chapter emerges in the world three weeks after I've completed it.

But this is just my schedule, right now. Not everyone drawing for weekly publication does it the same way. And I might change, too. It varies.

Chapter 47: THE DON'S OFFER

YOU'RE...

Q: What happened to the key that Chou-Chou swallowed in volume 2?

A: It came out...with a lovely brown sheen.

Q: In a Question Corner in volume 4, you said that Luffy's arms can stretch about 72 gum-gums, but how many meters are in a gum-gum? (Inquiry from the Ministry of Education, Science, and Culture.)

A: You again! Gaimon's son, investigating through the Ministry of Science again, eh? Meters, you ask? It can't be measured that way. Now pay attention. One gum-gum equals 10 fairy gum-gums. One fairy gum-gum equals 10 funky gum-gums. So one gum-gum equals 100 funky gum-gums, which means that Luffy's arms can stretch a whopping 7,200 funky gum-gums. Is that clear?

Q: Where are you from? It didn't say in your profile in volume 4.

A: Kumamoto, in Kyushu. It's a nice place.

Q: How come Luffy and Zoro don't go by the names Monkey and Roronoa? Or are those their surnames?

A: That's it. Their surnames come first, Japanese style. Luffy and Zoro are their first names.

Q: Is there a mirror on Alvida's ship?

A: Ugh! Look out, her iron club will come flying! You're on your own! Man, what a dangerous question. But...I bet there isn't a mirror. (Klang!!!) Ow!

Q: I've been reading *One Piece*, and I notice that sometimes mysterious characters pop up. For example, in the third panel on page 182 of *One Piece* volume 5, where everyone is going "murmur murmur," there's a panda-headed guy in the background. Who is it? It's bugging me so much I can't brush my teeth.

A: Brush your teeth. The dentist is scary, you know. So you found him, eh? His name is Panda Man, and he's a wrestler. I'll introduce him properly next time.

Chapter 48: **STEER CLEAR**

ALL I WANT IS THE CAPTAIN'S LOG AND THE SHIP.

ANYONE WHO DOESN'T WANT TO DIE HAD BETTER BE GONE WHEN I RETURN.

IT'S YOUR CHOICE.

...WAIT FOR ME. I'LL BURY YOU AT SEA.

BUT IF YOU'RE EAGER TO DIE...

SANJI WANTS TO DESTROY YOUR PRECIOUS RESTAURANT!!

HE'S THE GUY WHO STARTED ALL THIS TROUBLE!!

YOU CRAZY?!

CHEF!! ARE YOU SIDING WITH SANJI?

SHUT UP, YOU EGG-PLANTS !!!

EITHER THAT OR YOU'RE INSANE. WHICH IS IT?!

YOU'D DO ANYTHING TO BE THE HEAD CHEF!!

DON'T YOU, SANJI?!

DO YOU HAVE ANY IDEA WHAT AGONY THAT IS?!

UH-OH...

Q: There's Gum-Gum Fruit, Scatter-Scatter fruit, and other kinds of Devil Fruit. I thought of a new one: "Icky-Icky Fruit." It makes you so gross that nothing wants to come near you. VERY useful.

A: Okay, you eat it first.

Q: I think all of Oda Sensei's drawings of Buggy show him with his mouth open. I'd like to see one with his lips closed.

Q: When you were asked about Nami's measurements, you said you'd reveal them. When are you going to keep your promise!?

A: Heh heh. I recruited a specialist to help me. His keen eye is infallible. Able to guess a girl's dimensions with just one look, he's the shady cook Sanji!!

Sanji: Hi, crap-jerk! I'm not a "shady" cook, I'm a "ladies" cook!! But you did right to call me. Leave this to me. Nami is lovely, isn't she? Great sense of style, too. Looks like... 34-22-34! Yes, definitely!! Oh, she's so cute. I hear she's a thief, but I like her...

A: There, I kept my promise. Thanks, Sanji. (krak) Owwww!

Nami: What do you think you're doing?

A: Nami! Darn! Were we wrong?

Nami: No, you were right. Not that it matters. It's not like things are gonna change size. See you later... (tmp tmp)

A: Hey!! She stole my wallet!! Aaaaaah!

Q: Did women pirates really exist?

A: Yes. But there were times when it was considered unlucky to have a woman aboard a ship, so some dressed as men to become pirates. Two female pirates were Mary Read and Anne Bonny, who were said to have fought more bravely than men. Captain Alvida was named after the Viking queen Alvida, who formed an all-woman pirate crew.

Q: A little while ago there was a manga called *Oni ga Kitarite*, by Shinga-Gin, and some of the panels really look like they were drawn by you. By any chance did you work as an assistant on it?

A: I get questions like this a lot, so I'd like to resolve this once and for all. Hiroyuki Takei, Shinga-Gin, Mikio Ito and I were all assistants together on *Rurouni Kenshin*. So yes, I have helped out on Brother Shinga-Gin's manga. And while I'm at it, Shinya Suzuki, who recently debuted in *Jump* (the Japanese version), is also from the old "Ruro" gang, and he's helped on *One Piece* a number of times. That's how we all know each other. Okay?

Q: The other day I tried to get my hair cut like Zoro's, but the barber just shaved it off. What should I say to get my hair cut like Zoro's?

A: Say, "Please give me a Strong Manly Spirit Cut."

Q: In chapter 37, was the sailor who captured the fake "Kuro of a Hundred Plans" Captain Axe-Hand Morgan? My friend and I think it looks like him.

A: It is Morgan. He was a sergeant then, but after that incident he was promoted to lieutenant-commander. Then he muscled his way up to captain and was given command of a Marine Base. I suspect that when Kuro looked deep into Morgan's eyes, he probably sensed a kindred spirit of some kind.

IT'S BETTER THAN POSING AS A MARINE SHIP, OR WAVING A WHITE FLAG...

WE CAN APPROACH ANY SHIP WE WANT WITHOUT AROUSING SUSPICION...

WITH THAT SILLY SHIP, WE CAN DOMINATE THE GRAND LINE.

IT'S ALMOST FOOL-PROOF.

...AND LAUNCH A SURPRISE ATTACK.

ASSEMBLING ANOTHER FLEET SHOULD BE CHILD'S PLAY!!

AND THESE DAYS, THE SEAS ARE ROTTEN WITH OUT-OF-WORK PIRATES.

TO BE FULL TO THE GILLS WITH PIRATES.

AYE, NOBODY'D SUSPECT THAT JOKE OF A SHIP...

AND WITH LUCK, THE LOCATION OF THE ONE PIECE, TOO!!
